

Westell® | 144 FDH

Fiber Distribution Hub Cabinet Family

General Information

Westell's Fiber Distribution Hub (FDH) cabinet family provides a unique solution for fiber interconnection and distribution that suits nearly any network application.

All cabinets are designed to meet Telcordia (GR) and NEMA for an Outside Plant (OSP) environment with multiple deployment options.

FDH cabinets offer fast deployment, easy installation, and flexible configurations without interrupting existing internet services.

144 FDH is ideal for pole and wall mount applications.

Product Highlights

- Configurability
- Scalability
- Quick and easy installation

Applications Include

- FTTx
- Network infrastructure
